3 hours from Seoul to the golf course right nearby ~~

You may need some time to relax and recover from the long-distance flight or possibly from jet-lag. Mongolia is a really close country that can be reached in 3 hours from Seoul.

If you get off at the airport, you can go directly to Ulaanbaatar in about an hour and a half, and you can go directly to the ter to experience the ger. Mongolia was undervalued due to its good accessibility, good nature, and good prices. But recently, photos of the stars and the Milky Way that match the Instagram sensibility of people in their 20s and 30s have been uploaded, and it seems to be changing into a country they want to visit. Our product starts by experiencing Mongolian ger on the first day.

Mongolia is a peaceful and welcoming country that has combined with natural beauty and rich history. Ulaanbaatar is capital city of Mongolia and the main golf destination of the country. There are 3 international standard 18-hole courses each with their own variety and challenges for everyone from amateurs to professionals.

Mt. BOGD GOLF & COUNTRY CLUB

Mt. Bogd Golf Club is located in a valley of the Bogd Khan Mountains and 16 kilometers from Ulaanbaatar. It is the first 18-hole-course of the country according to golf standards. Mt. Bogd Golf Club was opened in 2013 and developed by David Dale (GolfPlan). The course with par 72 is 6,443 meters long. It is a links course, which organically and unobtrusively integrates itself into the natural environment. Water hazards, natural streams, sand bunkers, and dramatic differences in altitude shape the course in the hilly, almost tree-less landscape. The course is built like the traditional links courses of the British Isles, weather and seasons also play a crucial role here. However, what is special is the oftentimes deep blue sky in Mongolia, the intense sunlight, and the low humidity. Therefore, it is also very nice to play golf at the Mt. Bogd Golf Club in winter with temperatures below zero. The athletic service offer is rounded off with a driving range and a pro shop with equipment for hire. In addition, the guests have access to a restaurant, a gourmet market as well as a Japanese spa with a sauna and a swimming pool. In winter, the area is a popular ski area. Whoever has some extra time, should visit the nearby monumental Genghis Khan equestrian statue.
